Mr. Doug Dutton
Infinite Coatings
3923 Morse Street, Suite 101
Denton, Texas 76208

Dear Doug,

Please accept this as my Letter of Recommendation in support of the Sterile Doctor product, which was applied to the Arizona Diamondbacks Home Clubhouse complex earlier this year. We are encouraged by the results that have been provided to us this year, and are pleased to know that our players, coaches, support staff and other-related staff members are provided a work environment that protects them throughout the season here at Chase Field.

I highly recommend your product to anyone that may be considering this form of protection in their facilities and am willing to field any potential calls or other correspondence in support of your product.

Sincerely,

A handwritten signature in blue ink that reads 'Russ Amaral'.

Russ Amaral
Vice President, Ballpark Operations
